

OMNI Grout Re-Coloring Sealer - Color Cross Reference Chart

The OMNI Grout Re-Coloring Sealer Cross Reference chart is designed as a color selection guideline. All of the Grout Re-Coloring Sealer colors are compared and matched to the listed grout manufacturers' grout channels and paper charts. But, color variations may exist. Installed grout joints colors may vary due to job site conditions such as the tile or stone porosity, grout mixing ratios, installation methods, lighting and the ongoing maintenance of the grout joint. The number of coats of Grout Re-Coloring Sealer can also affect final color. Always Test in small inconspicuous area to determine ease of application and desired result. See Grout Re-Coloring Sealer Technical Data Sheet for addition information.
